

Design and Build Ltd

COMPANY STATEMENT RoHS

Innova Design and Build Ltd, Unit 2 Station Approach, North St. Emsworth, Hampshire, PO10 7PW
Suppliers of: AS9100 REV D: ISO 9001:2015 CNC machined parts including material lot traceability where contractually required.

Ref: 12th Sept 2018

RoHS – EU Directive 2011 /65 / EU

RoHS (Restriction of Use of Hazardous Substances) regulations limit or ban specific substances; Lead, cadmium, polybrominated biphenyl (PBB), mercury, hexavalent chromium, and polybrominated diphenyl ether (PBDE) flame retardants – in new electronic and electric equipment.

The directive allows some additional exemptions such as equipment intended for military purposes.

Innova Design and Build Ltd Statement – Materials used in the manufacture of CNC parts are fully compliant with the RoHS directive. However some of the subcontracted finishes requested by customers are not. Finishes that are not RoHS compliant are

Alocrom 1200
Alocrom 1000
Nickel Acetate Seal

The use of these finishes is being phase out.

Innova Design and Build Ltd will continue to work closely with our customers and suppliers to ensure compliance with all requirements of the RoHS regulations.
